### Description of fiscal impact

HB 346 exempts the Department of Commerce grant and loan programs from review under the Montana Environmental Policy Act (MEPA). There is no fiscal impact.

### FISCAL ANALYSIS

#### Assumptions

- Under the current statutory framework, the department may be required to conduct an environmental assessment prior to deciding whether to authorize each individual grant or loan under programs previously authorized by the legislature. Exempting the department would reduce delays in grant and loan disbursements but would not have significant fiscal impact on the department.
