Description of fiscal impact

HB 569 revises penalties for perjury and false statements. There is no anticipated fiscal impact to the state.

FISCAL ANALYSIS

Assumptions

Judiciary

- HB 569 amends 45-7-201, MCA, to change the punishment for a person convicted of perjury from imprisonment in the state prison not to exceed 10 years or a fine of not more than \$50,000 or both to imprisonment in the county jail a term of not less than 6 months or more than 1 year.
- HB 569 amends 45-7-202, MCA, to change the punishment of a person convicted of false swearing from an imprisonment in the county jail for a term not to exceed 6 months and/or a fine not to exceed \$500 to a term of not less than 30 days or more than 90 days and may be additionally punished by a fine of not less than \$500 or more than \$1,500.
- HB 569 also adds that credible allegations of perjury or false swearing by any person must be investigated by an agency other than the Judiciary or an officer of the court.
- Revising the penalty for perjury and false swearing does not have a fiscal impact on the Judicial Branch.

Department of Corrections (DoC)

- Perjury currently carries a \$50,000 maximum fine and up to 10 years in prison. HB 569 proposes to change that to 6-12 months in prison and a potential fine of up to \$50,000.
- Since 2021, there have been two offenders committed to DoC under 45-7-201, MCA, Perjury, and both had deferred sentences. The proposed changes would reduce the number of DoC-involved offenders to zero.
- The proposed changes in HB 569 related to false swearing will not impact DoC, as that offense was already a misdemeanor and will remain a misdemeanor.
