(2) If it is determined that the respondent is suffering from a mental disorder and requires commitment within the meaning of this part, the court shall hold a posttrial disposition hearing. The disposition hearing must be held within 5 days (including Saturdays, Sundays, and holidays unless the fifth day falls on a Saturday, Sunday, or holiday), during which time the court may order further evaluation and treatment of the respondent.

(3) (a) At the conclusion of the disposition hearing and pursuant to the provisions in subsection (7), the court shall:

1 ~~(a)(i)~~ subject to the provisions of 53-21-193, commit the respondent to the state hospital or to a
2 behavioral health inpatient facility for a period of not more than 3 months;

3 ~~(b)(ii)~~ commit the respondent to a community facility, which may include a category D assisted living
4 facility, or a community program or to any appropriate course of treatment, which may include housing or
5 residential requirements or conditions as provided in 53-21-149, for a period of:

6 ~~(i)(A)~~ not more than 3 months; or

7 ~~(ii)(B)~~ not more than 6 months in order to provide the respondent with a less restrictive commitment in
8 the community rather than a more restrictive placement in the state hospital if a respondent has been
9 previously involuntarily committed for inpatient treatment in a mental health facility and the court determines
10 that the admission of evidence of the previous involuntary commitment is relevant to the criterion of
11 predictability, as provided in 53-21-126(1)(d), and outweighs the prejudicial effect of its admission, as provided
12 in 53-21-190; or

13 ~~(c)(ii)~~ commit the respondent to the Montana mental health nursing care center for a period of not
14 more than 3 months if the following conditions are met:

15 ~~(i)(A)~~ the respondent meets the admission criteria of the center as described in 53-21-411 and
16 established in administrative rules of the department; and

18 for admission.

19 ~~(b)~~ The court may not commit the respondent to a private mental health facility or hospital without
20 the express consent of the facility or hospital.

21 (4) Except as provided in subsection ~~(3)(b)(ii)~~ ~~(3)(a)(ii)(A)~~, a treatment ordered pursuant to this
22 section may not affect the respondent's custody or course of treatment for a period of more than 3 months.

23 (5) In determining which of the alternatives in subsection (3) to order, the court shall choose the
24 least restrictive alternatives necessary to protect the respondent and the public and to permit effective
25 treatment.

26 (6) The court may authorize the chief medical officer of a facility or a physician designated by the
27 court to administer appropriate medication involuntarily if the court finds that involuntary medication is
28 necessary to protect the respondent or the public or to facilitate effective treatment. Medication may not be

1 involuntarily administered to a patient unless the chief medical officer of the facility or a physician designated by
2 the court approves it prior to the beginning of the involuntary administration and unless, if possible, a
3 medication review committee reviews it prior to the beginning of the involuntary administration or, if prior review
4 is not possible, within 5 working days after the beginning of the involuntary administration. The medication
5 review committee must include at least one person who is not an employee of the facility or program. The
6 patient and the patient's attorney or advocate, if the patient has one, must receive adequate written notice of
7 the date, time, and place of the review and must be allowed to appear and give testimony and evidence. The
8 involuntary administration of medication must be again reviewed by the committee 14 days and 90 days after
9 the beginning of the involuntary administration if medication is still being involuntarily administered. The mental
10 disabilities board of visitors and the director of the department of public health and human services must be
11 fully informed of the matter within 5 working days after the beginning of the involuntary administration. The
12 director shall report to the governor on an annual basis.

13 (7) Satisfaction of any one of the criteria listed in 53-21-126(1) justifies commitment pursuant to
14 this chapter. However, if the court relies solely ~~upon~~ on any of the criterion criteria provided in 53-21-126(1)(d),
15 the court may require commitment only to a community facility, which may include a category D assisted living
16 facility, or a program or an appropriate course of treatment, as provided in subsection ~~(3)(b)~~ (3)(a)(ii), and may
17 not require commitment at the state hospital, a behavioral health inpatient facility, or the Montana mental health
18 nursing care center.

19 (8) In ordering commitment pursuant to this section, the court shall attest that the court has not
20 relied solely on the criteria provided in 53-21-126(1)(d) and shall make the following findings of fact:

21 (a) a detailed statement of the facts upon which the court found the respondent to be suffering
22 from a mental disorder and requiring commitment;

23 (b) the alternatives for treatment that were considered;

24 (c) the alternatives available for treatment of the respondent;

25 (d) the reason that any treatment alternatives were determined to be unsuitable for the
26 respondent;

27 (e) the name of the facility, program, or individual to be responsible for the management and
28 supervision of the respondent's treatment;

(f) if the order includes a requirement for inpatient treatment, the reason inpatient treatment was chosen from among other alternatives;

(g) if the order commits the respondent to the Montana mental health nursing care center, a finding that the respondent meets the admission criteria of the center and that the superintendent of the center has issued a written authorization specifying a date and time for admission;

(h) if the order provides for an evaluation to determine eligibility for entering a category D assisted living facility, a finding that indicates whether:

(i) the respondent meets the admission criteria;

(ii) there is availability in a category D assisted living facility; and

(iii) a category D assisted living facility is the least restrictive environment because the respondent is unlikely to benefit from involuntary commitment to facilities with more intensive treatment; and

(i) if the order includes involuntary medication, the reason involuntary medication was chosen from among other alternatives.

(9) Any mental health evaluation report of a professional person who evaluated the respondent or patient in connection with the commitment must be filed under seal at the time of the filing of the court's order but must be made available to the mental health facility to which the respondent or patient is committed.

(10) A court may not order the transfer or transport of a respondent or patient to the Montana state hospital until the hospital has confirmed in writing that:

(a) a bed is available for the respondent or patient;

(b) admission of the respondent or patient will not cause the census at the hospital to exceed its licensed bed capacity; and

(c) the information and records requested by the hospital are received, including:

(i) physical and psychiatric health information sufficient to:

(A) evaluate the immediate treatment needs and appropriate placement of the respondent or patient, including the availability of less restrictive medically appropriate facilities; and

(B) coordinate care with the professional person, county attorney, court, or the person or entity transporting the respondent during the admission process;

(ii) documentation of legal authority to admit the respondent or patient; and

(iii) other information and records as required by administrative rule.

(11) A respondent or patient may not be transported to the Montana state hospital until the requirements of subsection (10) are fulfilled.

(12) The Montana state hospital may refuse to admit into its custody a respondent or patient who has been ordered to be transferred or transported to the hospital until:

(a) a bed is available for the respondent or patient;

(b) admission of the respondent or patient will not cause the census at the hospital to exceed its licensed bed capacity;

(c) admission will not cause the hospital to violate any law, rule, or certification or licensing provision; and

(d) the information and records requested by the hospital under subsection (10)(c) are received by the hospital.

53-21-127. (Effective July 1, 2025) Posttrial disposition. (1) A respondent must be discharged and the petition dismissed if, upon trial, it is determined that the respondent:

(a) is not suffering from a mental disorder;

(b) does not require commitment within the meaning of this part; or

(c) is suffering from a mental disorder but the respondent's primary diagnosis is Alzheimer's disease, other forms of dementia, or traumatic brain injury and the respondent meets only the commitment criteria outlined in 53-21-126(1)(a) or (1)(d)(i)(B).

(2) If it is determined that the respondent is suffering from a mental disorder and requires commitment within the meaning of this part, the court shall hold a posttrial disposition hearing. The disposition hearing must be held within 5 days (including Saturdays, Sundays, and holidays unless the fifth day falls on a Saturday, Sunday, or holiday), during which time the court may order further evaluation and treatment of the respondent.

(3) (a) At the conclusion of the disposition hearing and pursuant to the provisions in subsection (7), the court shall:

(a) (i) subject to the provisions of 53-21-193, commit the respondent to the state hospital or to a behavioral health inpatient facility for a period of not more than 3 months;

(b)(ii) commit the respondent to a community facility, which may include a category D assisted living facility, or a community program or to any appropriate course of treatment, which may include housing or residential requirements or conditions as provided in 53-21-149, for a period of:

(i)(A) not more than 3 months; or

(ii)(B) not more than 6 months in order to provide the respondent with a less restrictive commitment in the community rather than a more restrictive placement in the state hospital if a respondent has been previously involuntarily committed for inpatient treatment in a mental health facility and the court determines that the admission of evidence of the previous involuntary commitment is relevant to the criterion of predictability, as provided in 53-21-126(1)(d), and outweighs the prejudicial effect of its admission, as provided in 53-21-190; or

(c)(iii) commit the respondent to the Montana mental health nursing care center for a period of not more than 3 months if the following conditions are met:

(i)(A) the respondent meets the admission criteria of the center as described in 53-21-411 and established in administrative rules of the department; and

(ii)(B) the superintendent of the center has issued a written authorization specifying a date and time for admission.

(b) The court may not commit the respondent to a private mental health facility or hospital without the express consent of the facility or hospital.

(4) Except as provided in subsection (3)(b)(ii) (3)(a)(ii), a treatment ordered pursuant to this section may not affect the respondent's custody or course of treatment for a period of more than 3 months.

(5) In determining which of the alternatives in subsection (3) to order, the court shall choose the least restrictive alternatives necessary to protect the respondent and the public and to permit effective treatment.

(6) The court may authorize the chief medical officer of a facility or a physician designated by the court to administer appropriate medication involuntarily if the court finds that involuntary medication is necessary to protect the respondent or the public or to facilitate effective treatment. Medication may not be involuntarily administered to a patient unless the chief medical officer of the facility or a physician designated by the court approves it prior to the beginning of the involuntary administration and unless, if possible, a

1 medication review committee reviews it prior to the beginning of the involuntary administration or, if prior review
2 is not possible, within 5 working days after the beginning of the involuntary administration. The medication
3 review committee must include at least one person who is not an employee of the facility or program. The
4 patient and the patient's attorney or advocate, if the patient has one, must receive adequate written notice of
5 the date, time, and place of the review and must be allowed to appear and give testimony and evidence. The
6 involuntary administration of medication must be again reviewed by the committee 14 days and 90 days after
7 the beginning of the involuntary administration if medication is still being involuntarily administered. The mental
8 disabilities board of visitors and the director of the department of public health and human services must be
9 fully informed of the matter within 5 working days after the beginning of the involuntary administration. The
10 director shall report to the governor on an annual basis.

11 (7) Except as provided in 53-21-126(7), satisfaction of any one of the criteria listed in 53-21-126(1)
12 justifies commitment pursuant to this chapter. However, if the court relies solely on any of the criterion criteria
13 provided in 53-21-126(1)(d), the court may require commitment only to a community facility, which may include
14 a category D assisted living facility, or a program or an appropriate course of treatment, as provided in
15 subsection ~~(3)(b)~~ (3)(a)(ii), and may not require commitment at the state hospital, a behavioral health inpatient
16 facility, or the Montana mental health nursing care center.

17 (8) In ordering commitment pursuant to this section, the court shall attest that the court has not
18 relied solely on the criteria provided in 53-21-126(1)(d) and shall make the following findings of fact:

19 (a) a detailed statement of the facts upon which the court found the respondent to be suffering
20 from a mental disorder and requiring commitment;

21 (b) the alternatives for treatment that were considered;

22 (c) the alternatives available for treatment of the respondent;

23 (d) the reason that any treatment alternatives were determined to be unsuitable for the
24 respondent;

25 (e) the name of the facility, program, or individual to be responsible for the management and
26 supervision of the respondent's treatment;

27 (f) if the order includes a requirement for inpatient treatment, the reason inpatient treatment was
28 chosen from among other alternatives;

(g) if the order commits the respondent to the Montana mental health nursing care center, a finding that the respondent meets the admission criteria of the center and that the superintendent of the center has issued a written authorization specifying a date and time for admission;

(h) if the order provides for an evaluation to determine eligibility for entering a category D assisted living facility, a finding that indicates whether:

(i) the respondent meets the admission criteria;

(ii) there is availability in a category D assisted living facility; and

(iii) a category D assisted living facility is the least restrictive environment because the respondent is unlikely to benefit from involuntary commitment to facilities with more intensive treatment; and

(i) if the order includes involuntary medication, the reason involuntary medication was chosen from among other alternatives.

(9) Any mental health evaluation report of a professional person who evaluated the respondent or patient in connection with the commitment must be filed under seal at the time of the filing of the court's order but must be made available to the mental health facility to which the respondent or patient is committed.

(10) A court may not order the transfer or transport of a respondent or patient to the Montana state hospital until the hospital has confirmed in writing that:

(a) a bed is available for the respondent or patient;

(b) admission of the respondent or patient will not cause the census at the hospital to exceed its licensed bed capacity; and

(c) the information and records requested by the hospital are received, including:

(i) physical and psychiatric health information sufficient to:

(A) evaluate the immediate treatment needs and appropriate placement of the respondent or patient, including the availability of less restrictive medically appropriate facilities; and

(B) coordinate care with the professional person, county attorney, court, or the person or entity transporting the respondent during the admission process;

(ii) documentation of legal authority to admit the respondent or patient; and

(iii) other information and records as required by administrative rule.

(11) A respondent or patient may not be transported to the Montana state hospital until the

1 requirements of subsection (10) are fulfilled.

2 (12) The Montana state hospital may refuse to admit into its custody a respondent or patient who
3 has been ordered to be transferred or transported to the hospital until:

4 (a) a bed is available for the respondent or patient;

5 (b) admission of the respondent or patient will not cause the census at the hospital to exceed its
6 licensed bed capacity;

7 (c) admission will not cause the hospital to violate any law, rule, or certification or licensing
8 provision; and

9 (d) the information and records requested by the hospital under subsection (10)(c) are received by
10 the hospital."

12 **Section 6.** Section 53-21-129, MCA, is amended to read:

13 **"53-21-129. Emergency situation -- petition -- detention.** (1) When an emergency situation as
14 defined in 53-21-102 exists, a peace officer may take any person who appears to have a mental disorder and to
15 present an imminent danger of death or bodily harm to the person or to others or who appears to have a mental
16 disorder and to be substantially unable to provide for the person's own basic needs of food, clothing, shelter,
17 health, or safety appears to require commitment into custody only for sufficient time to contact a professional
18 person for emergency evaluation. If possible, a professional person should be called prior to taking the person
19 into custody.

20 (2) If the professional person agrees that the person detained is ~~a danger to the person or to~~
21 ~~others and that in~~ an emergency situation as defined in 53-21-102 exists, then the person may be detained and
22 treated only until the next regular business day the person can be placed at a mental health facility, but no
23 greater than 4 days. At that time, the professional person shall release the detained person or file findings with
24 the county attorney, ~~who, if~~ If the county attorney determines probable cause ~~to exist to believe that an~~
25 emergency situation exists, the county attorney shall file the petition provided for in 53-21-121 through 53-21-
26 126 in the county of the respondent's residence. In either case, the professional person shall file a report with
27 the court explaining the professional person's actions. Before the professional person may file a report, the
28 professional person shall pay a fee of \$20 to the court where the report is to be filed.

(3) (a) The county attorney of a county may make arrangements with a federal, state, regional, or private mental facility or with a mental health facility in a county for the detention of persons held pursuant to this section. If an arrangement has been made with a facility that does not, at the time of the emergency, have a bed available to detain the person at that facility, the person may be transported to ~~the state hospital or to a behavioral health inpatient facility~~ any other mental health facility, subject to 53-21-193 and subsection (4) (5) of this section, for detention and treatment as provided in this part. This determination must be made on an individual basis in each case, and the professional person at the local facility shall certify in writing to the county attorney that the facility does not have adequate room at that time.

(b) A person may not be detained at a private mental health facility or hospital without the express consent of the facility or hospital.
