### Description of fiscal impact

This bill complies with the federal Consolidated Appropriation Act, 2022 (CAA 2022) signed into law by President Biden on March 15, 2022. The bill requires third party payors to approve claims without prior authorization if the claim would otherwise be paid by Medicaid.

### FISCAL ANALYSIS

#### Assumptions

#### Department of Public Health and Human Services (department)

1. Third party payors will comply with the federal law CAA 2022 and resulting state statute from this bill.
2. The department estimates that third party payors denied an average of 51 claims per fiscal year with the sole reason of no prior authorization. The department expects to see Medicaid recoveries increase by approximately \$32,000 per fiscal year due to the bill.
3. Estimated revenue returned to the department by third party payors is an estimate based on percent of denials by third party payors due to no prior authorization.
