

HOUSE BILL NO. 5

INTRODUCED BY J. FITZPATRICK

BY REQUEST OF THE OFFICE OF BUDGET AND PROGRAM PLANNING

A BILL FOR AN ACT ENTITLED: "AN ACT APPROPRIATING MONEY FOR MAJOR REPAIR AND CAPITAL DEVELOPMENT PROJECTS FOR THE BIENNIUM ENDING JUNE 30, 2027; PROVIDING FOR OTHER MATTERS RELATING TO THE APPROPRIATIONS; PROVIDING FOR A TRANSFER OF FUNDS FROM THE GENERAL FUND TO THE CAPITAL DEVELOPMENTS LONG-RANGE BUILDING PROGRAM ACCOUNT AND A TRANSFER OF FUNDS FROM THE GENERAL FUND TO A STATE SPECIAL REVENUE FUND; PROVIDING FOR A MODIFICATION TO THE LONG-RANGE BUILDING PROGRAM; INCREASING CERTAIN VALUE THRESHOLDS FROM \$150,000 TO \$300,000; AMENDING SECTIONS 17-7-201, 17-7-202, 17-7-210, AND 17-7-223, MCA; AMENDING SECTION 14(1), CHAPTER 762, LAWS OF 2023, AND SECTION 3, CHAPTER 763, LAWS OF 2023; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE."

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MONTANA:

NEW SECTION. **Section 1. Definitions.** For the purposes of [sections 1 through 10], unless otherwise stated, the following definitions apply:

(1) "Authority only" means approval provided by the legislature to expend money that does not require an appropriation, including grants, donations, auxiliary funds, proprietary funds, nonstate funds, and university funds.

(2) "Capital development" has the same meaning as provided in 17-7-201(2).

(3) "Capital project" means the planning, design, renovation, construction, alteration, replacement, furnishing, repair, improvement, site, utility, or land acquisition project provided for in [sections 1 through 10].

(4) "LRBP capital development" means the long-range building program capital developments account in the capital projects fund type provided for in 17-7-209.

(5) "LRBP major repair" means the long-range building program major repair account in the capital projects fund type provided for in 17-7-221.

69th Legislature 2025

Drafter: Julie Johnson,

HB0005.001.018

1 (6) "Major repair" means capital projects provided for in 17-7-201(7).

2 (7) "Other funding sources" means money other than LRBP money, state special revenue, or
3 federal special revenue that accrues to an agency under the provisions of law.

4 (8) "SBECF" means funds from the state building energy conservation program account in the
5 capital projects fund type which may be utilized on either or both major repair or capital development projects.

6
7 **NEW SECTION. Section 2. Major repair projects appropriations and authorizations.** (1) The
8 following money is appropriated to the department of administration for the indicated major repair projects from
9 the indicated sources. Funds not requiring legislative appropriation are included for the purpose of
10 authorization. The department of administration is authorized to adjust capital project amounts within the
11 legislative intent of the major repair account-funded projects, subject to available revenues, if approved by the
12 office of budget and program planning, and to transfer the appropriations, authority, or both among the
13 necessary fund types for these projects:

2 (3) (a) The capital reserve fund may be used by the department of military affairs to fund to add
3 necessary funding to projects in [section 3] subsequently identified after the passage of [this act].

4 (b) A project must be prepared that describes each task to be completed with a budget for each
5 proposed project. The project description must be submitted by the department of military affairs through the
6 department of administration to the general government budget committee and the long-range planning budget
7 committee. After the project description has been submitted to those committees, the budget director may
8 approve, modify, or deny the proposed project.

9 ~~(3)~~(4) (a) The following money is appropriated to the office of budget and program planning for the
10 indicated capital development project from the indicated source for the purpose of major repairs and capital
11 projects on the Capitol complex:

17 (b) The office of budget and program planning is authorized to transfer any or all of the
18 appropriation to the department of administration. The department of administration is authorized to adjust
19 major repair or capital development project amounts within the legislative intent, if approved by the office of
20 budget and program planning, and to transfer the appropriations, authority, or both among the necessary fund
21 types.

22 (c) The funds may be used in conjunction with projects appropriated in Section 14, Subsection 4,
23 Chapter 762, Laws of 2023. The department may also extend existing design, construction, and other contracts
24 at its sole discretion.

25 (d) The funds may not be utilized in or for space leased or to be leased by a state agency or to
26 construct or acquire additional state-owned square footage.

7 (b) Prior to usage of the funds, the department shall require agencies to submit individual capital
8 project applications, along with 6-year facilities strategic plans, and make recommendations to the office of
9 budget and program planning. A planning study must be approved by the office of budget and program
10 planning prior to commencement by the department.

11 (c) The results of a planning study must contain the full narrative and explanation of the needs,
12 project scope and programmatic information, design and construction schedule, itemized total capital project
13 costs, any future staffing costs, and any future operations and maintenance costs.

14 (d) Subject to 17-7-211, agencies, including the university system, may utilize other funding
15 sources to initiate or participate in a capital projects planning study.

16 ~~(5)(6)~~ (a) The following money is appropriated to the department of administration as reserve funding

not authorize the new facility unless it also appropriates funds for the increase in state funding for program expansion and operations and maintenance. To the extent allowed by law, at the end of each fiscal year following approval of a new facility but prior to receipt of its certificate of occupancy, the appropriation made in this subsection reverts to its originating fund. The appropriation is not subject to the provisions of 17-7-304.

(b) Subject to subsection ~~(6)(d)~~ (7)(d), the following money is appropriated for the biennium beginning July 1, 2025, to the indicated agency from the indicated sources for program expansion or operations and maintenance for the indicated new facility:

(c) It is the legislature's intent that the appropriations in this subsection become part of the respective agency's base budget for the biennium beginning July 1, 2025.

(d) Appropriations in subsection ~~(6)(b) (7)(b)~~ are contingent on the passage and approval of a bill that includes an appropriation for the construction of the indicated projects in subsection ~~(6)(b) (7)(b)~~.

(e) Funds appropriated in [this act] and prior appropriations, including House Bill 2, House Bill 5, and House Bill 872 from the 2023 session, may not be used to construct or staff a guard house at the Montana state hospital.

(8) The department of administration shall prioritize the project management and contracting for design and construction of capital projects contained in [this act] and may combine or bundle projects at its discretion, in the following order:

(a) (i) projects for the department of public health and human services, specifically DPHHS MSH Comprehensive Mechanical System Replacement, DPHHS MSH Spratt Building Upgrades for Licensure and Facility Fences, and the DPHHS MMHNCC D-Wing Remodel for Licensure;

(ii) projects for the department of corrections, specifically DOC MSP Low-Side Housing Expansion, DOC MSP Site Infrastructure Upgrades, DOC MSP Comprehensive Mechanical System Replacement, and the DOC MSP Construction Education Program Building Renovation and Old Territorial Prison Repair;

(iii) remaining projects in [this act] as determined by the department in accordance with 18-2-104 and taking into consideration prior appropriated capital projects.

(b) Based upon project type or location, the department may combine or bundle the procurement of design services, bidding, and construction contracting for the purposes of efficiently implementing capital

10 **NEW SECTION. Section 6. Planning and design.** The department of administration may proceed
11 with the planning and design of capital projects in either or both [sections 2 and 3] prior to the receipt of other
12 funding sources. The department may use interentity loans in accordance with 17-2-107 to pay planning and
13 design costs incurred before the receipt of other funding sources.

14
15 **NEW SECTION. Section 7. Capital projects -- contingent funds.** (1) If a capital project is financed,
16 in whole or in part, with appropriations contingent on the receipt of other funding sources, the department of
17 administration may not let the project for bid until a financial plan and agreement with the agency has been
18 approved by the director of the department of administration. A financial plan and agreement may not be
19 approved by the director if:

20 (a) the level of funding and authorization provided under the financial plan and agreement deviates
21 substantially from the funding level provided in either or both [sections 2 and 3] for that project; or

22 (b) the scope of the project is substantially altered or revised from the concept and intent for that
23 project as presented to the 69th legislature.

24 (2) For any capital project financed, in whole or in part, with appropriations contingent on the
25 receipt of other funding sources in this biennium and any prior biennium, the agency, including the university
26 system, for which the capital project is for must submit a report through the department of administration
27 architecture and engineering division to the Joint Appropriations Subcommittee for Long-Range Planning
28 indicating the status of the other sources of funding, how much funding has been received, projections of when

1 the funding is anticipated to be received, or if the project should be canceled. A report must be provided to the
2 subcommittee during every regular session of the legislature until a project begins construction or is canceled
3 by the legislature.

4 (3) This section does not limit or restrict the application of 17-7-211.

5
6 **NEW SECTION. Section 8. Review by department of environmental quality.** The department of
7 environmental quality shall review capital projects authorized in either or both [sections 2 and 3] for potential
8 inclusion in the state building energy conservation program (SBECP) under Title 90, chapter 4, part 6. When a
9 review shows that a capital project will result in energy or utility savings and improvements, that project must be
10 submitted to the energy conservation program for funding consideration by the SBECP. Funding provided
11 under the energy conservation program guidelines must be used to offset or add to the authorized funding for
12 the project, and the amount will be dependent on the annual utility savings resulting from the capital project.
13 Agencies must be notified of potential funding after the review and are obligated to utilize the SBECP funding, if
14 available, on the terms and conditions specified by the department.

15
16 **NEW SECTION. Section 9. Legislative intent.** The appropriations authorized in [sections 2 through
17 5] constitute legislative consent for the capital projects contained in [sections 2 through 5] within the meaning of
18 17-7-201 and 18-2-102.

19
20 **NEW SECTION. Section 10. Increase in state funding for program expansion or operations and**
21 **maintenance.** If an immediate or future increase in state funding for program expansion or operations and
22 maintenance is required for a new facility in [section 3] but the increase is not appropriated by the 69th
23 legislature, that new facility in [section 3] is not appropriated or authorized as provided in 17-7-210.

24
25 **Section 11.** Section 17-7-201, MCA, is amended to read:

26 **"17-7-201. Definitions.** In this part, the following definitions apply:

27 (1) (a) "Building" includes a:

28 (i) building, facility, or structure constructed or purchased wholly or in part with state money;

Amendment - 1st Reading-white - Requested by: John Fitzpatrick - (H) Appropriations

- 2025

69th Legislature 2025

- 1 (ii) building, facility, or structure at a state institution;
- 2 (iii) building, facility, or structure owned or to be owned by a state agency, including the department
- 3 of transportation.
- 4 (b) The term does not include a:
- 5 (i) building, facility, or structure owned or to be owned by a county, city, town, school district, or
- 6 special improvement district;
- 7 (ii) facility or structure used as a component part of a highway or water conservation project.
- 8 (2) "Capital development" means a:
- 9 (a) renovation, construction, alteration, site, or utility project with a total cost of \$2.5 million or
- 10 more;
- 11 (b) new facility with a construction cost of \$250,000 or more; or
- 12 (c) purchase of real property for which an appropriation is required to fund the purchase.
- 13 (3) "Construction" includes construction, repair, alteration, renovation, and equipping and
- 14 furnishing during construction, repair, or alteration.
- 15 (4) "Division" means the architecture and engineering division of the department of administration.
- 16 (5) "High-performance building" means a building that integrates and optimizes all major high-
- 17 performance building attributes, including but not limited to:
- 18 (a) energy efficiency;
- 19 (b) durability;
- 20 (c) life-cycle performance; and
- 21 (d) occupant productivity.
- 22 (6) (a) "Long-range building program-eligible building" means a building, facility, or structure
- 23 eligible for major repair account funding that:
- 24 (i) is owned or fully operated by a state agency and for which the operation and maintenance are
- 25 funded with state general fund money; or
- 26 (ii) supports academic missions of the university system and for which the operation and
- 27 maintenance are funded with current unrestricted university funds.
- 28 (b) The term does not include a building, facility, or structure:

(i) owned or operated by a state agency and for which the operation and maintenance are entirely funded with state special revenue, federal special revenue, or proprietary funds; or

(ii) that supports nonacademic functions of the university system and for which the operation and maintenance are funded from nonstate and nontuition sources.

(7) (a) "Major repair" means:

(i) a renovation, alteration, replacement, or repair project with a total cost of less than \$2.5 million;

(ii) a site or utility improvement with a total cost of less than \$2.5 million; or

(iii) a new facility with a total construction cost of less than \$250,000.

(b) The term does not include operations and maintenance as defined in this section.

(8) (a) "New facility" means the construction or acquisition of a new building on state property regardless of funding source and includes:

(i) an addition to an existing building; and

(ii) the enclosure of space that was not previously fully enclosed.

(b) The term does not include the replacement of state-owned space that is demolished or that is otherwise removed from state use if the total construction cost of the replacement space is less than \$2.5 million.

(9) "Operations and maintenance" means operational costs and regular, ongoing, and routine repairs and maintenance funded in an agency operating budget that does not extend the capacity, function, or lifespan of a facility.

(10) "Replacement cost of existing long-range building program-eligible building" means the current replacement value of all long-range building program-eligible buildings included in the statewide facility inventory and condition assessment as provided in 17-7-202."

Section 12. Section 17-7-202, MCA, is amended to read:

"17-7-202. Preparation of building programs and submission to department of administration -- statewide facility inventory and condition assessment. (1) Before ~~July 1~~ April 1 of the year preceding a legislative session, each state agency and institution shall submit to the architecture and engineering division of the department of administration, on forms furnished by the division, a proposed long-range building program

1 for major repair projects and capital developments, if any, for the agency or institution along with the agency's
2 or institution's 6-year capital development facilities strategic plan. Excluding major repair projects greater than
3 \$2,500,000, the division may not include a capital development project request in the information provided
4 pursuant to 17-7-202(4) without the project also being included in an agency's or institution's 6-year capital
5 development facilities strategic plan, unless approved by the office of budget and program planning. Each
6 agency and institution shall furnish any additional information requested by the division relating to the utilization
7 of or need for major repair projects and capital developments.

8 (2) (a) Except as provided in subsection (3), the division shall compile and maintain a statewide
9 facility inventory and condition assessment that:

10 (i) for each state-owned building:

11 (A) identifies its location and total square footage;

12 (B) identifies the agency or agencies using or occupying the building and how much square
13 footage each agency uses or occupies;

14 (C) lists the current replacement value of the building in its entirety and each agency's portion of
15 the building; and

16 (D) identifies whether the building is a long-range building program-eligible building; and

17 (ii) for each long-range building program-eligible building:

18 (A) includes a facility condition assessment of the building and an itemized list of the building's
19 deficiencies; and

20 (B) compares the building's current building deficiency ratio to its deficiency ratio in the previous
21 biennium.

22 (b) The division may contract with a private vendor to collect, analyze, and compile the building
23 information required in this subsection (2).

24 (c) The facility inventory and condition assessment must be updated as determined by the division.

25 (d) The division may incorporate in the statewide facility inventory and condition assessment any
26 facility condition assessment or similar document compiled by an agency.

27 (e) The division shall provide the statewide facility inventory and condition assessment, including a
28 calculation of the deferred maintenance backlog and overall building deficiency ratio of the long-range building

1 program-eligible buildings, to the office of budget and program planning and the legislative finance committee
2 by September 1 of the year preceding a regular legislative session in an electronic format. The division shall
3 provide a copy of the report to the legislature in accordance with 5-11-210.

4 (3) The division is not required to include a state-owned building that has a current replacement
5 value of ~~\$150,000~~ \$300,000 or less in the facility inventory and condition assessment.

6 (4) The division shall examine the information furnished by each agency and institution and shall
7 gather whatever additional information is necessary and conduct whatever surveys are necessary in order to
8 provide a factual basis for determining the need for and the feasibility of major repair projects and capital
9 developments. The information compiled by the division shall be submitted to the governor before October 1 of
10 the year preceding a regular legislative session."

12 **Section 13.** Section 17-7-210, MCA, is amended to read:

13 **"17-7-210. Required funding for maintenance of newly authorized state buildings.** (1) If
14 construction or acquisition of a new facility requires an immediate or future increase in state funding for
15 program expansion or operations and maintenance, the legislature may not authorize the new facility unless it
16 also appropriates funds for the increase in state funding for program expansion and operations and
17 maintenance.

18 (2) (a) To the extent allowed by law, at the end of each fiscal year following approval of a new
19 facility but prior to receipt of its certificate of occupancy or acquisition, the appropriation made pursuant to
20 subsection (1) reverts to its originating fund. The appropriation is not subject to the provisions of 17-7-304.

21 (b) When a certificate of occupancy or acquisition for a new facility is received prior to the end of
22 the fiscal year, the amount of the appropriation made pursuant to subsection (1) that reverts to its originating
23 fund is the prorated amount from the beginning of the fiscal year to the date of the receipt of the certificate of
24 occupancy."
25

26 **Section 14.** Section 17-7-223, MCA, is amended to read:

27 **"17-7-223. Major repair -- submission of list to legislature -- priorities.** (1) By November 15 of the
28 year preceding a regular legislative session, the division shall, on behalf of all state agencies, submit a list of

HB0005.001.018

1 anticipated major repair projects to the governor. The governor shall review the list of anticipated long-range
2 building program-eligible major repair projects recommended by the division and submit it to the legislature.

3 (2) The division shall ensure that the list identifies:

4 (a) single projects that cost more than ~~\$150,000~~ \$300,000;

5 (b) multiple projects within a single building or facility that collectively cost more than ~~\$150,000~~
6 \$300,000; and

7 (c) single projects that will be constructed in phases with an aggregate cost of more than ~~\$150,000~~
8 \$300,000.

9 (3) Unless otherwise directed by the legislature, the division shall execute major repair projects
10 from the prioritized list submitted to the legislature up to the level of appropriation made by the legislature.

11 (4) In prioritizing major repair projects, the division shall consider the results of the statewide
12 facility inventory and condition assessment prepared pursuant to 17-7-202.

13 (5) In prioritizing major repair projects, the division shall allocate at least 80% of the funds that the
14 legislature appropriates for major repair to:

15 (a) projects that address:

16 (i) any issue that impacts health and safety;

17 (ii) failing building envelopes;

18 (iii) structural deficiencies;

19 (iv) energy, utility, or water savings;

20 (b) projects that upgrade, repair, or replace:

21 (i) mechanical, plumbing, or control systems;

22 (ii) electrical systems;

23 (iii) fixed equipment;

24 (iv) an essential building component; or

25 (v) infrastructure, including a utility tunnel, water line, gas line, sewer line, roof, parking lot, or road;

26 or

27 (c) projects that demolish and replace an existing building or facility that is in extensive disrepair
28 and cannot be fixed by repair or maintenance.

(6) In prioritizing major repair projects, the division shall allocate no more than 20% of the funds that the legislature appropriates for major repair to:

(a) remodeling and aesthetic upgrades to meet programmatic needs; or

(b) construct an addition to an existing building or facility."

Section 15. Section 3, Chapter 763, Laws of 2023, is amended to read:

The portion of section 3(1), Chapter 763, Laws of 2023, appropriating money from the capital development account to the department of administration for the indicated capital project is amended to read:

"DPHHS MSH Compliance Upgrades for Recertification & Deferred Maintenance

15,903,000

15,903,000

Up to \$10,000,000 of funding for the project must be used for rebuilding a water line constructed by the state serving the Montana State Hospital. The department is authorized to contract with Anaconda-Deer Lodge County for this portion of the project at the department's discretion."

NEW SECTION. Section 16. Transfer of funds. (1) By June 30, 2027, the department of administration shall transfer \$150 million from the general fund to the capital developments long-range building program account established in 17-7-209.

(2) By July 1, 2025, the state treasurer shall transfer \$2,000,000 from the general fund to a state special account within the department of environmental quality for the purpose of leaking petroleum tank remediation.

COORDINATION SECTION. Section 17. Coordination instruction. If both ~~[LC0544]~~ House Bill No. 217 and [this act] are passed and approved, then the reference to the department of environmental quality in [section 8 of this act] must be changed to "the department of administration architecture and engineering division".

Section 18. Section 14(1), Chapter 762, Laws of 2023, is amended to read:

"Section 14. Appropriations. (1) There is appropriated \$12.5 million from the account established in
