Description of fiscal impact

Judiciary

SB 552 is an act providing that a petition to transfer may be filed by a county attorney if an offender previously sentenced for a felony who received a suspended or deferred sentence in one county. SB 552 would allow the county attorney from the new county where a crime is committed to petition the original sentencing court to transfer the entire original matter to the new county so the new court can handle both the new charges and the possible revocation from the original charges. There is no estimated fiscal impact to the state.

FISCAL ANALYSIS

Assumptions

Judiciary

1. SB 552 allows a county attorney in a county where a defendant is alleged to have committed a new felony offense to petition the sentencing court in a county where the defendant was sentenced to a suspended or deferred sentence in a prior felony conviction to transfer the matter to the county where the new felony is alleged to have been committed for revocation of the prior suspended or deferred sentence. The petition must be served on the county attorney in the original sentencing county, the sentencing judge in the sentencing jurisdiction of the prior felony conviction, any victims, and the defendant.
2. This act has no fiscal impact on the Judicial Branch.

Department of Corrections

3. SB 552 would allow for faster revocation processes which could lead to higher county jail holds, but the fiscal impact cannot be determined.
