Description of fiscal impact

HB 883 reduces funding of the state Supreme Court. The bill reduces Judicial Branch funding in the Supreme Court Operations program by \$31.8 million over the biennium.

FISCAL ANALYSIS

Assumptions

Judiciary

- Section 1 (1) of HB 883 reduces the appropriation for Supreme Court Operations of the Judicial Branch to \$18 million for the biennium if the general appropriations act and HB 883 are passed.
- The Judicial Branch assumes the general appropriations act (HB 2) will pass.
- The Judicial Branch assumes the bill is referring to the Supreme Court Operations program in HB 2.
- The current Supreme Court Operations budget is \$24,648,727 for FY 2026 and \$25,161,562 for FY 2027.
- The Judicial Branch assumes the \$18 million appropriation for Supreme Court Operations will be split evenly between fiscal years. As such, appropriations will see a decrease of \$15,648,727 in FY 2026 and \$16,161,562 in FY 2027.
- In addition to a reduction of funding for the Supreme Court, the impacts of a reduction of the Supreme Court Operations appropriation from \$49.8 million for the biennium to \$18 million will result in, but not limited to, the following: a loss of centralized support services to district courts, including human resources and finance; a loss of IT support and software systems to the district courts and courts of limited jurisdiction; a loss of funding for juvenile out of home placements, drug treatment courts, and civil legal defense services for victims of domestic violence.
- As this bill will affect the Judicial Branch base budget, the decrease is estimated to continue into the 2029 biennium.
