### **Description of fiscal impact**

HB 183 authorizes a licensure compact for Physician Assistants licensed under the Board of Medical Examiners. The bill provides for fingerprint and background checks for license applicants. There is no fiscal impact to the Department of Labor and Industry or the Department of Justice.

### **FISCAL ANALYSIS**

#### **Assumptions**

#### **Department of Labor and Industry**

1. There will be rulemaking to enact this legislation. Rulemaking and information technology (IT) costs will be absorbed with current authority and revenue.
2. Licensed applicants will bear the cost of providing a fingerprint and background check as part of the documentation for the license application.

#### **Department of Justice**

3. HB 183 addresses the act of adopting the PA licensure compact and providing for a compact privilege for PA's with "Compact Privilege" meaning authorization for a PA to provide services to a participating state in a remote state. Section 2 requires licensure applicants to pay all fees charged for obtaining criminal history background check. The Division of Criminal Investigations currently has staff in place to conduct background checks and provide fingerprinting services. DCI assumes that there will not be a large influx of PA's requiring fingerprinting and background services and therefore would not require additional staff.
