**"15-7-102. Notice of classification, market value, and taxable value to owners -- appeals. (1) (a)**

Except as provided in 15-7-138, the department shall mail or provide electronically to each owner or purchaser under contract for deed a notice that includes the land classification, market value, and taxable value of the land and improvements owned or being purchased. A notice must be mailed or, with property owner consent, provided electronically to the owner only if one or more of the following changes pertaining to the land or improvements have been made since the last notice:

- (i) change in ownership;
- (ii) change in classification;
- (iii) change in valuation; or
- (iv) addition or subtraction of personal property affixed to the land.

(b) The notice must include the following for the taxpayer's informational and informal classification and appraisal review purposes:

1 property, the notice must contain a combined appraised value of land and improvements.

2 (d) Any misinformation provided in the information required by subsection (1)(b) does not affect the  
3 validity of the notice and may not be used as a basis for a challenge of the legality of the notice.

4 (2) (a) Except as provided in subsection (2)(c), the department shall assign each classification and  
5 appraisal to the correct owner or purchaser under contract for deed and mail or provide electronically the notice  
6 in written or electronic form, adopted by the department, containing sufficient information in a comprehensible  
7 manner designed to fully inform the taxpayer as to the classification and appraisal of the property and of  
8 changes over the prior tax year.

9 (b) The notice must advise the taxpayer that in order to be eligible for a refund of taxes from an  
10 appeal of the classification or appraisal, the taxpayer is required to pay the taxes under protest as provided in  
11 15-1-402.

12 (c) The department is not required to mail or provide electronically the notice to a new owner or  
13 purchaser under contract for deed unless the department has received the realty transfer certificate from the  
14 clerk and recorder as provided in 15-7-304 and has processed the certificate before the notices required by  
15 subsection (2)(a) are mailed or provided electronically. The department shall notify the county tax appeal board  
16 of the date of the mailing or the date when the taxpayer is informed the information is available electronically.

17 (3) (a) If the owner of any land and improvements is dissatisfied with the appraisal as it reflects the  
18 market value of the property as determined by the department or with the classification of the land or  
19 improvements, the owner may request an informal classification and appraisal review by submitting an  
20 objection on written or electronic forms provided by the department for that purpose or by checking a box on the  
21 notice and returning it to the department in a manner prescribed by the department.

22 (i) For property other than class three property described in 15-6-133, class four property  
23 described in 15-6-134, class ten property described in 15-6-143, and centrally assessed property described in

25 (ii) For class three property described in 15-6-133, class four property described in 15-6-134, and  
26 class ten property described in 15-6-143, the objection may be made only once each valuation cycle. An

1 classification and appraisal notice for a reduction in the appraised value to be considered for both years of the  
2 2-year valuation cycle. An objection made more than 30 days from the date of the classification and appraisal  
3 notice will be applicable only for the second year of the 2-year valuation cycle. For an objection to apply to the  
4 second year of the valuation cycle, the taxpayer shall make the objection in writing or by checking a box on the  
5 notice no later than June 1 of the second year of the valuation cycle or, if a classification and appraisal notice is  
6 received in the second year of the valuation cycle, within 30 days from the date on the notice.

7 (iii) For centrally assessed property described in 15-23-101(2)(a), the objection must be submitted  
8 within 20 days from the date on the notice. A taxpayer may submit an objection up to 10 days after this deadline  
9 on request to the department.

10 (iv) (A) For centrally assessed property described in 15-23-101(2)(b) and (2)(c), an objection to the  
11 valuation or classification may be made only once each valuation cycle. An objection must be made in writing  
12 within the time period specified in subsection (3)(a)(iii) for a reduction in the appraised value to be considered  
13 for both years of the 2-year valuation cycle. An objection made after the deadline specified in subsection  
14 (3)(a)(iii) will be applicable only for the second year of the 2-year valuation cycle. For an objection to apply to  
15 the second year of the valuation cycle, the taxpayer shall make the objection in writing no later than June 1 of  
16 the second year of the valuation cycle or, if a classification and appraisal notice is received in the second year  
17 of the valuation cycle, within the time period specified in subsection (3)(a)(iii).

18 (B) If a property owner has exhausted the right to object to a valuation, as provided for in  
19 subsection (3)(a)(iv)(A), the property owner may ask the department to consider extenuating circumstances to  
20 adjust the value of property described in 15-23-101(2)(b) or (2)(c). Occurrences that may result in an  
21 adjustment to the value include but are not limited to extraordinary, unusual, or infrequent events that are  
22 material in nature and of a character different from the typical or customary business operations, that are not  
23 expected to recur frequently, and that are not normally considered in the evaluation of the operating results of a  
24 business, including bankruptcies, acquisitions, sales of assets, or mergers.

25 (b) If the objection relates to residential or commercial property and the objector agrees to the  
26 confidentiality requirements, the department shall provide to the objector, by posted mail or electronically, within  
27 8 weeks of submission of the objection, the following information:

(i) the methodology and sources of data used by the department in the valuation of the property;

and

(ii) if the department uses a blend of evaluations developed from various sources, the reasons that the methodology was used.

(c) At the request of the objector or a representative of the objector, and only if the objector or representative signs a written or electronic confidentiality agreement, the department shall provide in written or electronic form:

(i) comparable sales data used by the department to value the property;

(ii) sales data used by the department to value residential property in the property taxpayer's market model area; and

(iii) if the cost approach was used by the department to value residential property, the documentation required in 15-8-111(3) regarding why the comparable sales approach was not reliable.

(d) For properties valued using the income approach as one approximation of market value, notice must be provided that the taxpayer will be given a form to acknowledge confidentiality requirements for the receipt of all aggregate model output that the department used in the valuation model for the property.

(e) The review must be conducted informally and is not subject to the contested case procedures of the Montana Administrative Procedure Act. As a part of the review, the department may consider the actual selling price of the property and other relevant information presented by the taxpayer in support of the taxpayer's opinion as to the market value of the property. The department shall consider an independent appraisal provided by the taxpayer if the appraisal meets standards set by the Montana board of real estate appraisers and the appraisal was completed within 6 months of the valuation date pursuant to 15-8-201. If the department does not use the appraisal provided by the taxpayer in conducting the appeal, the department shall provide to the taxpayer the reason for not using the appraisal. The department shall give reasonable notice to the taxpayer of the time and place of the review.

(f) After the review, the department shall determine the correct appraisal and classification of the land or improvements and notify the taxpayer of its determination by mail or electronically. The department may not determine an appraised value that is higher than the value that was the subject of the objection unless the

1 reason for an increase was the result of a physical change in the property or caused by an error in the  
2 description of the property or data available for the property that is kept by the department and used for  
3 calculating the appraised value. In the notification, the department shall state its reasons for revising the  
4 classification or appraisal. When the proper appraisal and classification have been determined, the land must  
5 be classified and the improvements appraised in the manner ordered by the department.

6 (4) Whether a review as provided in subsection (3) is held or not, the department may not adjust  
7 an appraisal or classification upon the taxpayer's objection unless:

8 (a) the taxpayer has submitted an objection on written or electronic forms provided by the  
9 department or by checking a box on the notice; and

10 (b) the department has provided to the objector by mail or electronically its stated reason in writing  
11 for making the adjustment.

12 (5) A taxpayer's written objection or objection made by checking a box on the notice and  
13 supplemental information provided by a taxpayer that elects to check a box on the notice to a classification or  
14 appraisal and the department's notification to the taxpayer of its determination and the reason for that  
15 determination are public records. The department shall make the records available for inspection during regular  
16 office hours.

17 (6) Except as provided in 15-2-302 and 15-23-102, if a property owner feels aggrieved by the  
18 classification or appraisal made by the department after the review provided for in subsection (3), the property  
19 owner has the right to first appeal to the county tax appeal board and then to the Montana tax appeal board,  
20 whose findings are final subject to the right of review in the courts. The appeal to the county tax appeal board,  
21 pursuant to 15-15-102, must be filed within 30 days from the date on the notice of the department's  
22 determination. A county tax appeal board or the Montana tax appeal board may consider the actual selling price  
23 of the property, independent appraisals of the property, negative property features that differentiate the subject  
24 property from the department's comparable sales, and other relevant information presented by the taxpayer as  
25 evidence of the market value of the property. If the county tax appeal board or the Montana tax appeal board  
26 determines that an adjustment should be made, the department shall adjust the base value of the property in  
27 accordance with the board's order."

**SECTION 6. SECTION 15-10-420, MCA, IS AMENDED TO READ:**

3

**"15-10-420. Procedure for calculating levy.** (1) (a) Subject to the provisions of this section, a

4 governmental entity that is authorized to impose mills may impose a mill levy sufficient to generate the amount

5 of property taxes actually assessed in the prior year plus one-half of the average rate of inflation for the prior 3

6 years. The maximum number of mills that a governmental entity may impose is established by calculating the

7 number of mills required to generate the amount of property tax actually assessed in the governmental unit in

8 the prior year based on the current year taxable value, less the current year's newly taxable value, plus one-half

9 of the average rate of inflation for the prior 3 years.

10

(b) A governmental entity that does not impose the maximum number of mills authorized under

11 subsection (1)(a) may carry forward the authority to impose the number of mills equal to the difference between

12 the actual number of mills imposed and the maximum number of mills authorized to be imposed. The mill

13 authority carried forward may be imposed in a subsequent tax year.

14

(c) For the purposes of subsection (1)(a), the department shall calculate one-half of the average

15 rate of inflation for the prior 3 years by using the consumer price index, U.S. city average, all urban consumers,

16 using the 1982-84 base of 100, as published by the bureau of labor statistics of the United States department of

17 labor.

18

(2) A governmental entity may apply the levy calculated pursuant to subsection (1)(a) plus any

19 additional levies authorized by the voters, as provided in 15-10-425, to all property in the governmental unit,

20 including newly taxable property.

21

(3) (a) For purposes of this section, newly taxable property includes:

22

(i) annexation of real property and improvements into a taxing unit;

23

(ii) construction, expansion, or remodeling of improvements;

24

(iii) transfer of property into a taxing unit;

25

(iv) subdivision of real property; and

26

(v) transfer of property from tax-exempt to taxable status.

27

(b) Newly taxable property does not include an increase in value that arises because of an

1 increase in the incremental value within a tax increment financing district.

2 (4) (a) For the purposes of subsection (1), the taxable value of newly taxable property includes the  
3 release of taxable value from the incremental taxable value of a tax increment financing district because of:

4 (i) a change in the boundary of a tax increment financing district;

5 (ii) an increase in the base value of the tax increment financing district pursuant to 7-15-4287; or

6 (iii) the termination of a tax increment financing district.

7 (b) If a tax increment financing district terminates prior to the certification of taxable values as  
8 required in 15-10-202, the increment value is reported as newly taxable property in the year in which the tax  
9 increment financing district terminates. If a tax increment financing district terminates after the certification of  
10 taxable values as required in 15-10-202, the increment value is reported as newly taxable property in the  
11 following tax year.

12 (c) For the purpose of subsection (3)(a)(ii), the value of newly taxable class four property that was  
13 constructed, expanded, or remodeled property since the completion of the last reappraisal cycle is the current  
14 year market value of that property less the previous year market value of that property.

15 (d) For the purpose of subsection (3)(a)(iv), the subdivision of real property includes the first sale  
16 of real property that results in the property being taxable as class four property under 15-6-134 or as  
17 nonqualified agricultural land as described in 15-6-133(1)(c).

18 (5) Subject to subsection (8), subsection (1)(a) does not apply to:

19 (a) school district levies established in Title 20; or

20 (b) a mill levy imposed for a newly created regional resource authority.

21 (6) For purposes of subsection (1)(a), taxes imposed do not include net or gross proceeds taxes  
22 received under 15-6-131 and 15-6-132.

23 (7) In determining the maximum number of mills in subsection (1)(a), the governmental entity:

24 (a) may increase the number of mills to account for a decrease in reimbursements; ~~and~~

25 (b) may not increase the number of mills to account for a loss of tax base because of legislative  
26 action that is reimbursed under the provisions of 15-1-121(7); and

27 (c) may not include revenue distributed to a county to provide state property tax assistance

1 pursuant to ~~[section 32]~~ [section 29].

2 (8) The department shall calculate, on a statewide basis, the number of mills to be imposed for  
3 purposes of 15-10-109, 20-9-331, 20-9-333, 20-9-360, and 20-25-439. However, the number of mills calculated  
4 by the department may not exceed the mill levy limits established in those sections. The mill calculation must  
5 be established in tenths of mills. If the mill levy calculation does not result in an even tenth of a mill, then the  
6 calculation must be rounded up to the nearest tenth of a mill.

7 (9) (a) The provisions of subsection (1) do not prevent or restrict:

8 (i) a judgment levy under 2-9-316, 7-6-4015, or 7-7-2202;

9 (ii) a levy to repay taxes paid under protest as provided in 15-1-402;

10 (iii) an emergency levy authorized under 10-3-405, 20-9-168, or 20-15-326;

11 (iv) a levy for the support of a study commission under 7-3-184;

12 (v) a levy for the support of a newly established regional resource authority;

13 (vi) the portion that is the amount in excess of the base contribution of a governmental entity's  
14 property tax levy for contributions for group benefits excluded under 2-9-212 or 2-18-703;

15 (vii) a levy for reimbursing a county for costs incurred in transferring property records to an  
16 adjoining county under 7-2-2807 upon relocation of a county boundary;

17 (viii) a levy used to fund the sheriffs' retirement system under 19-7-404(3)(b); or

18 (ix) a governmental entity from levying mills for the support of an airport authority in existence prior  
19 to May 7, 2019, regardless of the amount of the levy imposed for the support of the airport authority in the past.

20 The levy under this subsection (9)(a)(ix) is limited to the amount in the resolution creating the authority.

21 (b) A levy authorized under subsection (9)(a) may not be included in the amount of property taxes  
22 actually assessed in a subsequent year.

23 (10) A governmental entity may levy mills for the support of airports as authorized in 67-10-402, 67-  
24 11-301, or 67-11-302 even though the governmental entity has not imposed a levy for the airport or the airport  
25 authority in either of the previous 2 years and the airport or airport authority has not been appropriated  
26 operating funds by a county or municipality during that time.
