### Description of fiscal impact

HB 929 generally revises laws related to chiropractic practitioners. It establishes a chiropractic license endorsement for prescriptive authority and provides a prescriptive license fee.

### FISCAL ANALYSIS

#### Assumptions

#### Department of Labor

1. The total rule making costs to the Board of Chiropractors are estimated to be \$10,000. The board will utilize the Department of Labor and Industry's (DLI) legal services to complete the necessary revisions. Rule making costs include Secretary of State fees for rules proposals and adoption.
2. A new license type in the form of an endorsement will be added to the licensing database to include an application and renewal record. Forms for the licensing process will be created for online application and renewal, and the board website will be updated. The Technology Services Division (TSD) estimates that it will spend 85 hours to complete the implementation. This estimate includes work to complete the analysis, design, development, script writing and test. The board will be billed at a rate of \$120 per hour for a total expense of \$10,200.
3. DLI will utilize existing resources to administer the endorsement. The work will include processing applications, issuing the endorsements and renewals, and managing continuing education.
4. The amount of the endorsement fee is unknown at this time, but will be set commensurate with costs.
