Description of fiscal impact

SB 561 changes the composition of the Public Service Commission from five elected members to two elected members and three members appointed by the governor. The two public service commission districts will be based on federal house districts. The term for commissioners will change to six years with a term limit of 12 years in a 24 year period. No fiscal impact for the state is anticipated.

FISCAL ANALYSIS

Assumptions

Public Service Regulation

- SB 561 could have a significant impact generally on the operations and mission of the Public Service Commission. The Commission would still consist of five Commissioners with existing staff levels. Therefore, no fiscal impact is anticipated at this time.

Secretary of State's Office

- While there may be minimal fiscal impact for matching the public service commission districts to the federal congressional districts, the Office of the Secretary of State will absorb the costs associated with implementing this bill within its existing operating budget.

Governor's Office

- The requirement in this bill for the governor to appoint members will not fiscally impact the office.
