FISCAL ANALYSIS

Assumptions

State Agencies

1. This bill relates to primary sponsor notices and will require an agency, if the agency disagrees with the primary sponsor, to publish the primary sponsor's unredacted comments in the proposal notice while also providing a statement explaining why the comments were not incorporated into the proposed rule. The bill will also require the agency to respond to the public's questions during a hearing. These changes are not anticipated to have a measurable fiscal impact on any state agency.

Secretary of State's Office

2. While there may be a minimal fiscal impact, the Office of the Secretary of State will absorb costs associated with implementing this bill within the office's existing operating budget.
