6 ~~(8)(9)~~ (a) "Previability separation procedure" means a medical procedure performed by a qualified  
7 health care provider to remove an unborn child from the mother's uterine cavity before the stage of fetal  
8 development when, in the reasonable medical judgment of the qualified health care provider based on the  
9 particular facts of the case and in light of the most advanced medical technology and information available,  
10 there is a reasonable likelihood of sustained survival of the unborn child outside the mother's body, with or  
11 without artificial support.

12 (b) The term does not include an abortion.

13  
14 **NEW SECTION. Section 2. Prohibition on interference with work of pregnancy center.** ~~(1)~~ The

28 formula, and similar items, because the pregnancy center does not perform, refer, or counsel in favor of

1 abortion, abortion-inducing drugs, or contraception;

9 agree to comply with the center's pro-life ethic and operating procedures.

10 (2) Nothing in this section precludes a state or local government from licensing, regulating, or
