Section 43. Section 46-14-221, MCA, is amended to read:

"46-14-221. Determination of fitness to proceed -- effect of finding of unfitness -- expenses. (1)

The issue of the defendant's fitness to proceed may be raised by the court, by the defendant or the defendant's counsel, or by the prosecutor. When the issue is raised, it must be determined by the court. If neither the prosecutor nor the defendant's counsel contests the finding of the report filed under 46-14-206, the court may make the determination on the basis of the report. If the finding is contested, the court shall hold a hearing on the issue. If the report is received in evidence upon the hearing, the parties have the right to subpoena and cross-examine the psychiatrists or licensed clinical psychologists who joined in the report and to offer evidence upon the issue.

(2) (a) If the court determines that the defendant lacks fitness to proceed, the proceeding against the defendant must be suspended, except as provided in subsection (4), and the court shall commit the defendant to the custody of the director of the ~~department of public health and human services~~ department of health services to be placed in an appropriate mental health facility, as defined in 53-21-102, or residential facility, as defined in 53-20-102, of the ~~department of public health and human services~~ department of health services for so long as the unfitness endures or until disposition of the defendant is made pursuant to this section, whichever occurs first.

(b) The facility shall develop an individualized treatment plan to assist the defendant to gain fitness to proceed. The treatment plan may include a physician's prescription of reasonable and appropriate medication that is consistent with accepted medical standards. If the defendant refuses to comply with the treatment plan, the facility may petition the court for an order requiring compliance. The defendant has a right to a hearing on the petition. The court shall enter into the record a detailed statement of the facts upon which an order is made, and if compliance with the individualized treatment plan is ordered, the court shall also enter into the record specific findings that the state has proved an overriding justification for the order and that the treatment being ordered is medically appropriate.

(3) (a) The committing court shall, within 90 days of commitment, review the defendant's fitness to proceed. If the court finds that the defendant is still unfit to proceed and that it does not appear that the defendant will become fit to proceed within the reasonably foreseeable future, the proceeding against the defendant must be dismissed, except as provided in subsection (4).

(b) If the court determines that the defendant lacks fitness to proceed because the defendant has a mental disorder, the proceeding against the defendant must be dismissed and the prosecutor shall petition the court in the manner provided in Title 53, chapter 21, to determine the disposition of the defendant pursuant to those provisions.

(c) If the court determines that the defendant lacks fitness to proceed because the defendant has a developmental disability as defined in 53-20-102, the proceeding against the defendant must be dismissed and the prosecutor shall petition the court in the manner provided in Title 53, chapter 20, to determine the disposition of the defendant pursuant to those provisions.

(4) The fact that the defendant is unfit to proceed does not preclude any legal objection to the prosecution that is susceptible to fair determination prior to trial and that is made without the personal participation of the defendant.

(5) Except as provided in subsection (6), the expenses of transporting the defendant to the custody of the director of the ~~department of public health and human services~~ department of health services to be placed in an appropriate facility of the ~~department of public health and human services~~ department of health services, of the care, custody, and treatment of the defendant at the facility, and of transporting the defendant back are payable by the court or, in district court proceedings, by the office of court administrator.

10 **"46-14-301. Commitment upon finding of not guilty by reason of lack of mental state -- hearing**
11 **to determine release or discharge -- limitation on confinement.** (1) When a defendant is found not guilty for
12 the reason that due to a mental disease or disorder the defendant could not have a particular state of mind that
13 is an essential element of the offense charged, the court shall order a predisposition investigation in
14 accordance with 46-18-112 and 46-18-113, which must include an investigation of the present mental condition
15 of the defendant. If the trial was by jury, the court shall hold a hearing to determine the appropriate disposition
16 of the defendant. If the trial was by the court, the court may hold a hearing to obtain any additional testimony it
17 considers necessary to determine the appropriate disposition of the defendant. In either case, the testimony
18 and evidence presented at the trial must be considered by the court in making its determination.

19 (2) The court shall evaluate the nature of the offense with which the defendant was charged. If the
20 offense:

21 (a) involved a substantial risk of serious bodily injury or death, actual bodily injury, or substantial
22 property damage, the court may find that the defendant suffers from a mental disease or disorder that renders
23 the defendant a danger to the defendant or others. If the court finds that the defendant presents a danger to the
24 defendant or others, the defendant may be committed to the custody of the director of the ~~department of public~~

4 the manner provided in Title 53, chapter 20 or 21.

5 (3) A person committed to the custody of the director of the ~~department of public health and~~
6 ~~human services~~ department of health services must have a hearing within 180 days of confinement to
7 determine the person's present mental condition and whether the person must be discharged or released or
8 whether the commitment may be extended because the person continues to suffer from a mental disease or
9 disorder that renders the person a danger to the person or others. The hearing must be conducted by the court
10 that ordered the commitment unless that court transfers jurisdiction to the district court in the district in which
11 the person has been placed. The court shall cause notice of the hearing to be served upon the person, the
12 person's counsel, the prosecutor, and the court that originally ordered the commitment. The hearing is a civil
13 proceeding, and the burden is upon the state to prove by clear and convincing evidence that the person may
14 not be safely released because the person continues to suffer from a mental disease or disorder that causes
15 the person to present a substantial risk of:

16 (a) serious bodily injury or death to the person or others;

17 (b) an imminent threat of physical injury to the person or others; or

18 (c) substantial property damage.

19 (4) According to the determination of the court upon the hearing, the person must be discharged or
20 released on conditions the court determines to be necessary or must be committed to the custody of the
21 director of the ~~department of public health and human services~~ department of health services to be placed in an
22 appropriate mental health facility for custody, care, and treatment. The period of commitment may not exceed
23 the maximum sentence determined under 46-14-214(2). At the time that the period of the maximum sentence
24 expires, involuntary civil commitment proceedings may be instituted in the manner provided in Title 53, chapter

5 **"46-14-302. Discharge or release upon motion of director.** (1) If the director of the ~~department of~~
6 ~~public health and human services~~ department of health services believes that a person committed to the
7 director's custody under 46-14-301 may be discharged or released on condition without danger to the person or
8 others because the person no longer suffers from a mental disease or disorder that causes the person to
9 present a substantial risk of serious bodily injury or death to the person or others, a substantial risk of an
10 imminent threat of physical injury to the person or others, or a substantial risk of substantial property damage,
11 the director shall make application for the discharge or release of the person in a report to the district court by
12 which the person was committed unless that court transfers jurisdiction to the court in the district in which the
13 person has been placed and shall send a copy of the application and report to the prosecutor of the county from
14 which the person was committed.

15 (2) Either the director of the ~~department of public health and human services~~ department of health
16 services or the person may also make application to the court for discharge or release as part of the person's
17 annual treatment review.

18 (3) The court shall then appoint at least one person who is a qualified psychiatrist, licensed clinical
19 psychologist, or advanced practice registered nurse to examine the person and to report as to the person's
20 mental condition within 60 days or a longer period that the court determines to be necessary for the purpose.
21 To facilitate the examinations and the proceedings on the examinations, the court may have the person
22 confined in any mental health facility located near the place where the court sits that may be designated by the
23 director of the ~~department of public health and human services~~ department of health services as suitable for the
24 temporary detention of persons suffering from mental disease or disorder.

25 (4) The committed person or the person's attorney may secure a professional person of the
26 committed person's choice to examine the committed person and to testify at the hearing. If the person wishing
27 to secure the testimony of a professional person is unable to do so because of financial reasons, the court shall

2 the committed person or the person's attorney a reasonable choice of an available professional person qualified
3 to perform the requested examination. The professional person must be compensated by the ~~department of~~
4 ~~public health and human services~~ department of health services.

5 (5) If the court is satisfied by the report filed under subsection (1) and the testimony of the
6 reporting psychiatrist, licensed clinical psychologist, or advanced practice registered nurse that the committed
7 person may be discharged or released on condition because the person no longer suffers from a mental
8 disease or disorder that causes the person to present a substantial risk of serious bodily injury or death to the
9 person or others, a substantial risk of an imminent threat of physical injury to the person or others, or a
10 substantial risk of substantial property damage, the court shall order the person's discharge.

11 (6) (a) If the court is not satisfied, it shall promptly order a hearing to determine whether the person
12 may safely be discharged or released on the grounds that the person no longer suffers from a mental disease
13 or disorder that causes the person to present a substantial risk of:

- 14 (i) serious bodily injury or death to the person or others;
15 (ii) an imminent threat of physical injury to the person or others; or

- 20 (i) serious bodily injury or death to the person or others;
21 (ii) an imminent threat of physical injury to the person or others; or
22 (iii) substantial property damage.

23 (c) According to the determination of the court upon the hearing, the committed person must then

2 respondent.

3 (3) The residential facility screening team may not determine that commitment to a residential
4 facility or imposition of a community treatment plan is appropriate on an extended basis unless the residential
5 facility screening team determines that the respondent is seriously developmentally disabled.

6 (4) The residential facility screening team may not recommend imposition of a community

3 as punishment, for the convenience of staff, or as a substitute for a habilitation program. Restraint may be
4 applied only if alternative techniques have failed and only if the restraint imposes the least possible restriction
5 consistent with its purpose. Use of restraints may be authorized by a physician, a developmental disabilities

19 (5) A resident may not be subjected to a behavior modification program that attempts to extinguish
20 socially appropriate behavior or to develop new behavior patterns when the behavior modifications serve only

22 (6) Electric shock devices are considered a research technique for the purpose of this part. Electric
23 shock devices may be used only in extraordinary circumstances to prevent self-mutilation leading to repeated
24 and possibly permanent physical damage to the resident and only after alternative techniques have failed. The

10 **Section 112.** Section 53-24-302, MCA, is amended to read:

11 **"53-24-302. Involuntary commitment of alcoholics -- rights.** (1) A person may be committed to the
12 custody of the department by the district court upon the petition of the person's spouse or guardian, a relative,
13 the certifying physician, or the chief of any approved public treatment facility. The petition must allege that the
14 person is an alcoholic who habitually lacks self-control as to the use of alcoholic beverages and that the person
15 has threatened, attempted, or inflicted physical harm on another and that unless committed is likely to inflict
16 physical harm on another or is incapacitated by alcohol. A refusal to undergo treatment does not constitute
17 evidence of lack of judgment as to the need for treatment. The petition must be accompanied by a certificate of
18 a licensed physician who has examined the person within 2 days before submission of the petition unless the
19 person whose commitment is sought has refused to submit to a medical examination, in which case the fact of
20 refusal must be alleged in the petition. The certificate must set forth the physician's findings in support of the
21 allegations of the petition. A physician employed by the admitting facility or the department is not eligible to be
22 the certifying physician.

23 (2) Upon filing the petition, the court shall fix a date for a hearing no later than 10 days after the
24 date the petition was filed. A copy of the petition and of the notice of the hearing, including the date fixed by the
25 court, must be served on the petitioner, the person whose commitment is sought, the person's next of kin other
26 than the petitioner, a parent or the person's legal guardian if the person is a minor, the administrator in charge
27 of the approved public treatment facility to which the person has been committed for emergency care, and any

1 other person the court believes advisable. A copy of the petition and certificate must be delivered to each
2 person notified.

3 (3) At the hearing, the court shall hear all relevant testimony, including, if possible, the testimony of
4 at least one licensed physician who has examined the person whose commitment is sought. The person has a
5 right to have a licensed physician of the person's own choosing conduct an examination and testify on the
6 person's behalf. If the person has no funds with which to pay the physician, the reasonable costs of one
7 examination and testimony must be paid by the county. The person must be present unless the court believes
8 that the person's presence is likely to be injurious to the person. The court shall examine the person in open
9 court or, if advisable, shall examine the person in chambers. If the person refuses an examination by a licensed
10 physician and there is sufficient evidence to believe that the allegations of the petition are true or if the court
11 believes that more medical evidence is necessary, the court may make a temporary order committing the
12 person to the department for a period of not more than 5 days for purposes of a diagnostic examination.

13 (4) If after hearing all relevant evidence, including the results of any diagnostic examination by the
14 department of public health and human services, the court finds that grounds for involuntary commitment have
15 been established by clear and convincing evidence, it shall make an order of commitment to the department.
16 The court may not order commitment of a person unless it determines that the department is able to provide
17 adequate and appropriate treatment for the person and that the treatment is likely to be beneficial.

18 (5) A person committed under this section must remain in the custody of the department for
19 treatment for a period of 40 days unless sooner discharged. At the end of the 40-day period, the person must
20 automatically be discharged unless before expiration of the period the department obtains a court order from
21 the district court of the committing district for the person's recommitment upon the grounds set forth in
22 subsection (1) for a further period of 90 days unless sooner discharged. If a person has been committed
23 because the person is an alcoholic likely to inflict physical harm on another, the department shall apply for
24 recommitment if after examination it is determined that the likelihood still exists.

25 (6) A person recommitted under subsection (5) who has not been discharged by the department
26 before the end of the 90-day period must be discharged at the expiration of that period unless before expiration
27 of the period the department obtains a court order from the district court of the committing district on the

1 grounds set forth in subsection (1) for recommitment for a further period not to exceed 90 days. If a person has
2 been committed because the person is an alcoholic likely to inflict physical harm on another, the department
3 shall apply for recommitment if after examination it is determined that the likelihood still exists. Only two
4 recommitment orders under subsections (5) and (6) are permitted.

5 (7) Upon the filing of a petition for recommitment under subsection (5) or (6), the court shall fix a
6 date for hearing no later than 10 days after the date the petition was filed. A copy of the petition and of the
7 notice of hearing, including the date fixed by the court, must be served on the petitioner, the person whose
8 commitment is sought, the person's next of kin other than the petitioner, the original petitioner under subsection
9 (1) if different from the petitioner for recommitment, one of the person's parents or the person's legal guardian if
10 the person is a minor, and any other person the court believes advisable. At the hearing, the court shall
11 proceed as provided in subsection (3).

12 (8) A person committed to the custody of the department for treatment must be discharged at any
13 time before the end of the period for which the person has been committed if either of the following conditions is
14 met:

15 (a) in case of an alcoholic committed on the grounds of likelihood of infliction of physical harm
16 upon another, that the person is no longer in need of treatment or the likelihood no longer exists; or

17 (b) in case of an alcoholic committed on the grounds of incapacity and the need of treatment, that
18 the incapacity no longer exists, further treatment will not be likely to bring about significant improvement in the
19 person's condition, or treatment is no longer adequate or appropriate.

20 (9) The court shall inform the person whose commitment or recommitment is sought of the
21 person's right to contest the application, be represented by counsel at every stage of any proceedings relating
22 to the person's commitment and recommitment, and have assigned counsel pursuant to the Montana Public
23 Defender Act, Title 47, chapter 1, if the person wants the assistance of counsel and is unable to obtain private
24 counsel. If the court believes that the person needs the assistance of counsel, the court shall order the office of
25 state public defender, provided for in 2-15-1029, to assign counsel for the person regardless of the person's
26 wishes. The person whose commitment or recommitment is sought must be informed of the right to be
27 examined by a licensed physician of the person's choice. If the person is unable to obtain a licensed physician

(10) If a private treatment facility agrees with the request of a competent patient or the patient's parent, sibling, adult child, or guardian to accept the patient for treatment, the department may transfer the patient to the private treatment facility.
