Items designated as OCHE Administration Program, Student Assistance Program, Educational Outreach and Diversity, Workforce Development Program, Appropriation Distribution, Guaranteed Student Loan, and Board of Regents Administration are designated as biennial appropriations.

General fund money, state and federal special revenue, and proprietary fund revenue appropriated to the Board of Regents are included in all Montana University System programs. All other public funds received by units of the Montana University System (other than plant funds appropriated in HB 5 relating to long-range building) are appropriated to the Board of Regents and may be expended under the provisions of section 17-7-138(2), MCA. The Board of Regents shall allocate the appropriations to individual university system units, as defined in section 17-7-102(15), MCA, according to board policy.

The Montana University System, except for the Office of the Commissioner of Higher Education and the community colleges, shall provide the Office of Budget and Program Planning and the Legislative Fiscal Division Banner access to the entire university system's information system, except for information pertaining to individual students and individual employees that is protected by Article II, sections 9 and 10, of the Montana Constitution, section 20-25-515, MCA, or the Family Educational Rights and Privacy Act of 1974, 20 U.S.C. 1232g.

The Montana University System shall provide the electronic data required for entering human resource data for the current unrestricted operating funds into the internet budgeting and reporting system. The salary and benefit data provided must reflect approved Board of Regents operating budgets.

The commissioner may adjust the funding distribution between community colleges based on actual weighted FTE enrollment.

The community college FTE decrease funding factor is \$6,000 for FY 2026 and \$6,000 for FY 2027. The community college FTE increase funding factor is \$8,000 for FY 2026 and \$8,000 for FY 2027. The community college weighting factors for the 2027 biennium are 1.50 for CTE FTE, 1.00 for general education FTE, 0.50 for early college FTE, and 0.25 for concurrent enrollment FTE.

The general fund appropriation for Community College Assistance is calculated to fund education in the community colleges for an estimated 1,911 resident FTE in FY 2026 and 1,996 in FY 2027. If actual weighted resident FTE student enrollment in the community colleges is greater than the estimated number for the biennium, the community colleges must receive a reimbursement for the underpayment from the community college FTE adjustment account. If actual weighted resident FTE student enrollment is less than the estimated numbers for the biennium, the community colleges shall pay a fee equal to the overpayment amount to be deposited in the FTE adjustment account in accordance with section 20-15-328, MCA.

State agencies and universities will be billed half the insurance premium in the 2027 biennium by the Risk Management and Tort Defense Division (RMTD) due to an overage in the state insurance fund's reserves. Any insurance premium discounts that would have been realized in the 2027 biennium through participation in RMTD's risk management/loss mitigation programs must be applied from each state agency's or university's insurance premium holiday savings in a reasonable manner to avoid programmatic and funding shortfalls. RMTD has the authority to bill state agencies and universities an increased insurance premium if the agency or university does not participate in risk management/loss mitigation activities during the 2027 biennium.

It is the intent of the Legislature that the Risk Management and Tort Defense Division's proprietary fund partial rate holiday be one-time-only, and the full rate amount will be included in the 2029 biennium's base budget.
