Description of fiscal impact

HB 936 will not have a fiscal impact to the department, as any costs to implement the reporting requirements in Sections 3 and 4 would be de minimis.

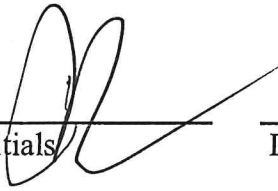

FISCAL ANALYSIS

Assumptions

1. HB 936 will not have a fiscal impact to the department, as any costs to implement the reporting requirements in Sections 3 and 4 would be de minimis. However technical concerns with Sections 2 and 5 are noted.

Technical Concerns

1. Section 2 of the bill states that the department shall continue using its approved funding for BHSFG near-term initiatives, however the bill does not give the department any appropriation to continue this funding.
2. Section 5 would require the department implement incentive payments to hospitals in SFY26. In order to comply with Section 5 (currently struck) the department would need to develop measures, complete administrative rules, communicate expectations to hospitals, collect and analyze data from hospitals, and determine applicable incentive payments all in less than 10 months.
