Description of fiscal impact

HB 315 revises the rules for restaurant beer and wine licensees as well as the hours licensees may serve beer and wine. HB 315 changes a restaurant's gross income requirement from at least 65% in current law to at least 70% derived from the sale of food; allows beer and wine to be sold to a patron regardless if they ordered food; removes the requirement for the restaurant to have an evening dinner meal 4 days a week; and implements new service hours of 12 consecutive hours that may start no sooner than 8am and end by 11pm. The bill would be effective October 1, 2025. Costs incurred by the Department of Revenue would be minimal and could be absorbed through normal updating, therefore, no impact to the general fund is anticipated.
