#### Description of fiscal impact

HB 590 requires health carriers to establish and maintain specific application programming interfaces to improve access to electronic health information for insured individuals and providers, and it also sets rules for the disclosure of certain medical test results.

### FISCAL ANALYSIS

#### Assumptions

##### Department of Public Health and Human Services (DPHHS)

1. HB 590 is a requirement for health carriers.
2. DPHHS assesses there will be no fiscal impact as future electronic healthcare system proposals already include requirements that meet those outlined in this bill.

#### State Auditor's Office

3. HB 590 provides the Commissioner of Securities and Insurance the ability to extend the deadline for a health carrier to establish the required application and programming interfaces if it would be unduly burdensome, impracticable or unfeasible, and would result in economic harm to the carrier or other stakeholders.
4. The requirements of HB 590 could cause an increase in enforcement on the part of the SAO.
5. The SAO would absorb the additional activities due to this bill with existing staff.
