Description of fiscal impact

HB 276 standardizes service of process for professional licenses and provides for electronic service by consent and a uniform requirement for change of contact information. This legislation has no fiscal impact to the Department of Labor and Industry (DLI).

FISCAL ANALYSIS

Assumptions

1. The department expects to see some cost reduction in service of process fees with the availability of electronic service, however, the department is unable to determine how many licensees will sign up for electronic service. As such, the mitigated expenses cannot be determined.
2. The costs to remove duplicate and conflicting provisions can be absorbed within the current budget authority of the department.
