### Description of fiscal impact

HB 882 amends 16-3-302 MCA to allow the sale of alcoholic beverages in up to two licensed alcohol structures separate from the main licensed premises, allow an on-premises consumption license operated within the boundaries of a resort area to allow for the on-premises consumption of alcoholic beverages from another license within the same resort area, and allow guest ranches to serve beverages in one or more permanent buildings and requires a floor plan of the licensed premises of each additional building and is to be submitted to the Department of Revenue for a fee of \$100. Additionally, Section 16-4-213 is amended for a resort all-beverages licensee to allow the on-premises consumption of alcoholic beverages not sold or provided at the premises under certain conditions. The Department of Revenue anticipates that some licensees may seek to license additional buildings; however, the exact number of applicants is not known but a de minimis impact is anticipated.
