Description of fiscal impact

SB 547 allows for a pregnant woman to be issued a one-year disabled parking permit with the completion of the application by an authorized person. The fee for the parking permit will be \$10 and will be deposited into the general fund. There would be a one-time cost to the Department of Justice for programming from the general fund based on the following assumptions.

FISCAL ANALYSIS

Assumptions

Department of Justice (DOJ)

- 1. With passage of SB 547 a pregnant woman could be issued a one-year disabled parking permit with the completion of the application by an authorized person.
- 2. The fee for the parking permit will be \$10 and will be deposited into the general fund.
- 3. There is currently a 3-year disabled parking permit, and a 6-month disabled parking permit, that are issued free of charge.
- 4. Credentialing and Registration System (CARS) would need a reconstruction of placard management with the addition of the fee and one-year time frame. Programming would take approximately 200 hours of time, and at the DOJ contractor current hourly rate it would be a one-time fee of \$45,000.
- 5. According to the March of Dimes website there were 11,078 live births in Montana in the calendar year 2023.
- 6. Assuming each of the 11,078 estimated pregnancies receives a one-year placard for \$10, the revenue would be \$110,780 annually.
- 7. For the purposes of this fiscal note, the estimated revenue, based on 30% of those eligible apply for and receive the permit, would be \$33,230 per fiscal year (11,078 live births X 30% = 3,323 X \$10 = \$33,230).
