Revenues General Fund (0)		\$0	\$0	\$0	\$0
Net Impact General Fund B		(\$150,000)	(\$150,000)	(\$150,000)	(\$150,000)

Description of fiscal impact

SB 118 establishes the right to be forgotten, allowing students or parents to submit a verifiable request to delete certain student data from the statewide K-12 data system having oversight by the Workforce Data Governing Board. The state cost is \$150,000 per year.

FISCAL ANALYSIS

Assumptions

Office of Public Instruction

- Section 2 of SB 118 requires that all Office of Public Instruction (OPI) contracts contain data privacy and security provisions and include penalties for non-compliance. The SOC (Security Operations Center) 2 Type II report is the benchmark for adhering to security requirements and can cost up to \$150,000 per contract.
- As amended, SB 118 requires only the one student data collection and communication system that the Education and Workforce Data Governing Board has oversight of needing to meet the requirements of the SOC 2 Type II report.
- 3. Ensuring compliance with the security provision in this bill would cost OPI up to \$150,000 annually.
- 4. There are currently three additional student databases at OPI that will not be considered to be a part of the requirements of SB 118 as they are not under the oversight of the Education and Workforce Data Governing Board.
- 5. The bill provides definition of "deidentified data" and a re-identification code.

Department of Labor and Industry

6. SB 118 establishes the right to be forgotten. The Department of Labor and Industry (DLI) assumes that this right only applies to data housed within the state educational data system. DLI assumes that existing and future data sharing contracts between the state education and workforce agencies will not be subject to these restrictions.

Department of Administration

7. This bill would see the board ensure compliance with the right to be forgotten, which includes prohibiting the use of a student's social security number in whole or in part as a unique identifier. No fiscal impact is anticipated for DOA.
