EXPLANATION: This amendment reduces the K-12 BASE Aid appropriation by \$2,719,758 general fund local assistance in FY 2026 and by \$2,801,351 general fund local assistance in FY 2027 in order to reduce the appropriation for the TEACH act, which will be replaced by the STARS Act (HB 252) should it pass. The amendment would also add coordination language with HB 252 to reverse the reduction for the TEACH Act if the STARS Act does not pass.

Items designated as OCHE Administration Program, Student Assistance Program, Educational Outreach and Diversity, Workforce Development Program, Appropriation Distribution, Guaranteed Student Loan, and Board of Regents Administration are designated as biennial appropriations.

General fund money, state and federal special revenue, and proprietary fund revenue appropriated to the Board of Regents are included in all Montana University System programs. All other public funds received by units of the Montana University System (other than plant funds appropriated in HB 5 relating to long-range building) are appropriated to the Board of Regents and may be expended under the provisions of section 17-7-138(2), MCA. The Board of Regents shall allocate the appropriations to individual university system units, as defined in section 17-7-102(15), MCA, according to board policy.

The Montana University System, except for the Office of the Commissioner of Higher Education and the community colleges, shall provide the Office of Budget and Program Planning and the Legislative Fiscal Division Banner access to the entire university system's information system, except for information pertaining to individual students and individual employees that is protected by Article II, sections 9 and 10, of the Montana Constitution, section 20-25-515, MCA, or the Family Educational Rights and Privacy Act of 1974, 20 U.S.C. 1232g.

The Montana University System shall provide the electronic data required for entering human resource data for the current unrestricted operating funds into the internet budgeting and reporting system. The salary and benefit data provided must reflect approved Board of Regents operating budgets.

The commissioner may adjust the funding distribution between community colleges based on actual weighted FTE enrollment.

The community college FTE decrease funding factor is \$6,000 for FY 2026 and \$6,000 for FY 2027. The community college FTE increase funding factor is \$8,000 for FY 2026 and \$8,000 for FY 2027. The community college weighting factors for the 2027 biennium are 1.50 for CTE FTE, 1.00 for general education FTE, 0.50 for early college FTE, and 0.25 for concurrent enrollment FTE.

The general fund appropriation for Community College Assistance is calculated to fund education in the community colleges for an estimated 1,911 resident FTE in FY 2026 and 1,996 in FY 2027. If actual weighted resident FTE student enrollment in the community colleges is greater than the estimated number for the biennium, the community colleges must receive a reimbursement for the underpayment from the community college FTE adjustment account. If actual weighted resident FTE student enrollment is less than the estimated numbers for the biennium, the community colleges shall pay a fee equal to the overpayment amount to be deposited in the FTE adjustment account in accordance with section 20-15-328, MCA.

Total audit costs are estimated to be \$358,500 for the community colleges for the biennium. Audit costs charged to the community colleges for the biennium may not exceed \$60,500 for Flathead Valley Community College, \$188,000 for Miles Community College, and \$110,000 for Dawson Community College. Total audit costs for UM - Missoula is \$549,653 and MSU - Bozeman is \$542,668.

If LC 958 is not passed and approved, the appropriation for Non-Beneficiary Increase is void.
