If the Montana State Lottery Division does not conduct a request for proposal to obtain its contract for gambling services the division's proprietary authority will be reduced by \$500,000 in both fiscal years of the 2027 biennium.

The Legislative Audit Division will conduct a performance audit in the 2027 biennium of the Montana State Lottery contract procurement process.

In each fiscal year of the 2027 biennium, if the Department of Administration is not able to deliver draft statewide financial statements to the Legislative Auditor by October 31, the Director of the Department of Administration shall make a written report to the Legislative Audit Committee explaining the reasons for any delay and identifying whether any specific agencies or component units have not provided information to the department in a timely manner.

It is the Legislature's intent that the gambling services contract require the new contract winner to pay up to \$50,000 a year for problem gambling addiction services.

If [an act] is passed and approved to require the Board of Investments to operate as a fiduciary, then the State Financial Services Division's general fund is increased by \$87,878 in each fiscal year of the 2027 biennium and proprietary funds are decreased by the same amount in each fiscal year of the 2027 biennium.

REQUESTED BY: Representative Terry Falk PREPARED BY: Molly DelCurto

EXPLANATION: This amendment adds language to the Department of Administration to coordinate with language in the rates section of HB 2 for the Board of Investments.
